## Senior Design Bi-Weekly Status Report #3; Fall 2020

---

Report Period: Sept 14 - Sept 27

### Summary of Progress in this Period

- Met with the advisor in-person three times to demo and test the design of the previous senior design teams who worked on this project before
  - Made backups of code that is already working and uploaded it to GitLab
  - Contacted each other every week virtually to discuss the progress made on the design document
- 

### Pending Issues

None

---

### Plans for Upcoming Reporting Period

- Meet with the team either in-person, or virtually, and begin working on commenting and updating the code to optimize the Tree Pi and Camera Pi like we have planned for this semester
  - Start defining and rendering the patterns that would be displayed on the tree
  - Test calibration procedure will also be implemented for the upcoming reporting period
-
